

A Mother's Touch.

About us

We kare is a startup that aims to make your life easier , by providing top quality services when you need it , we will take care of your home and family . With top notch security systems , and 24/7 availability you will be in safe hands .

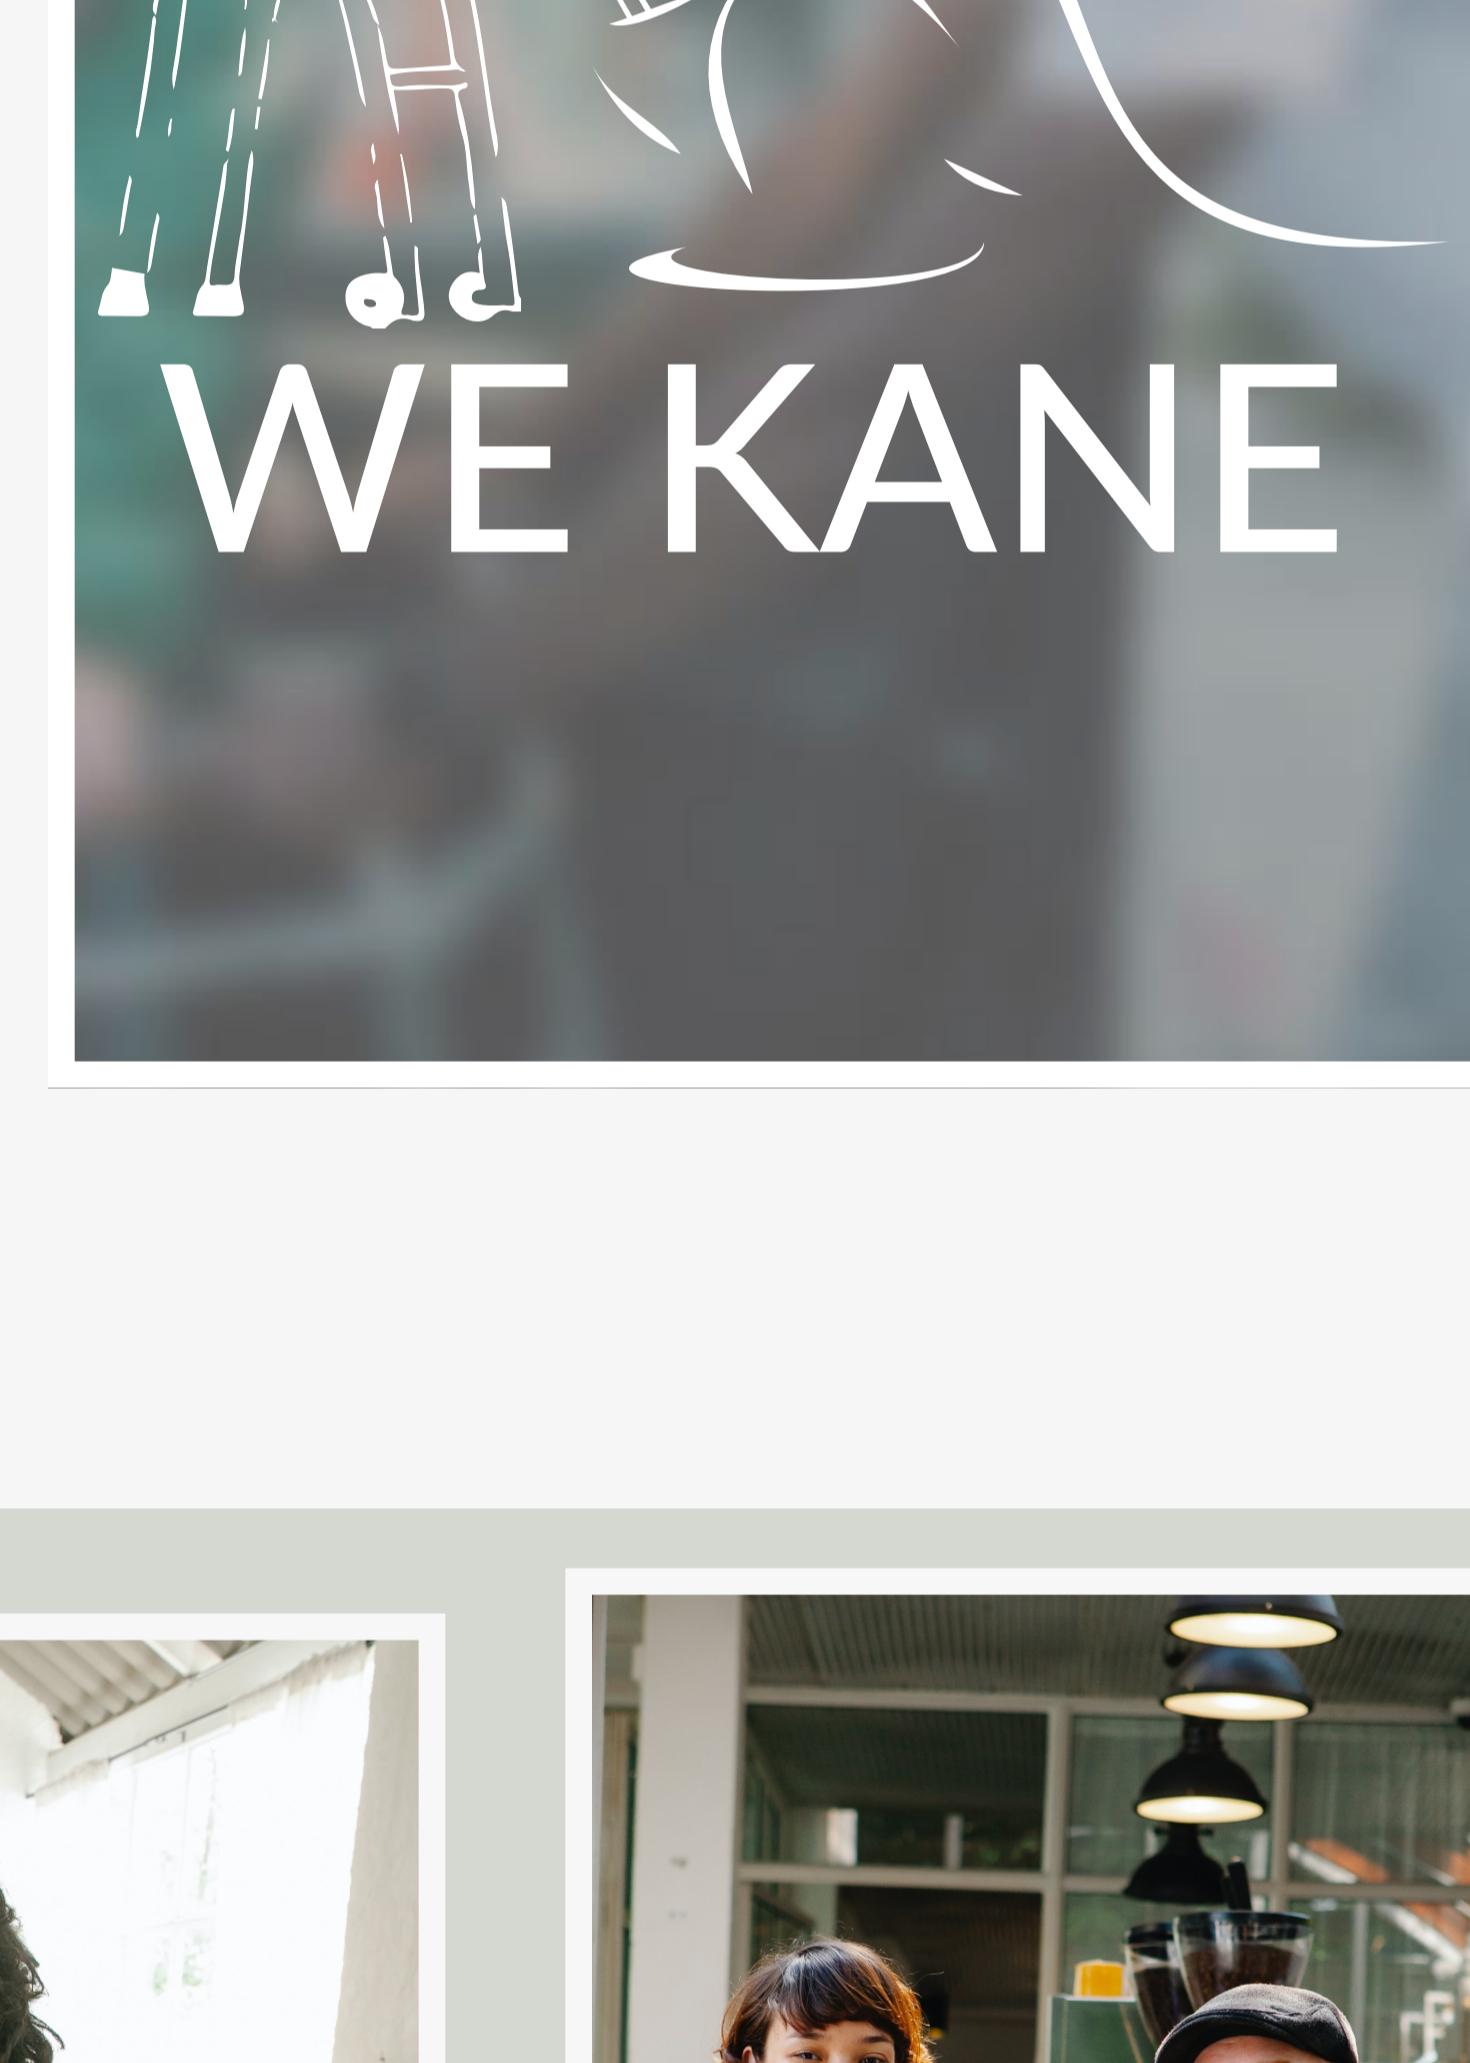

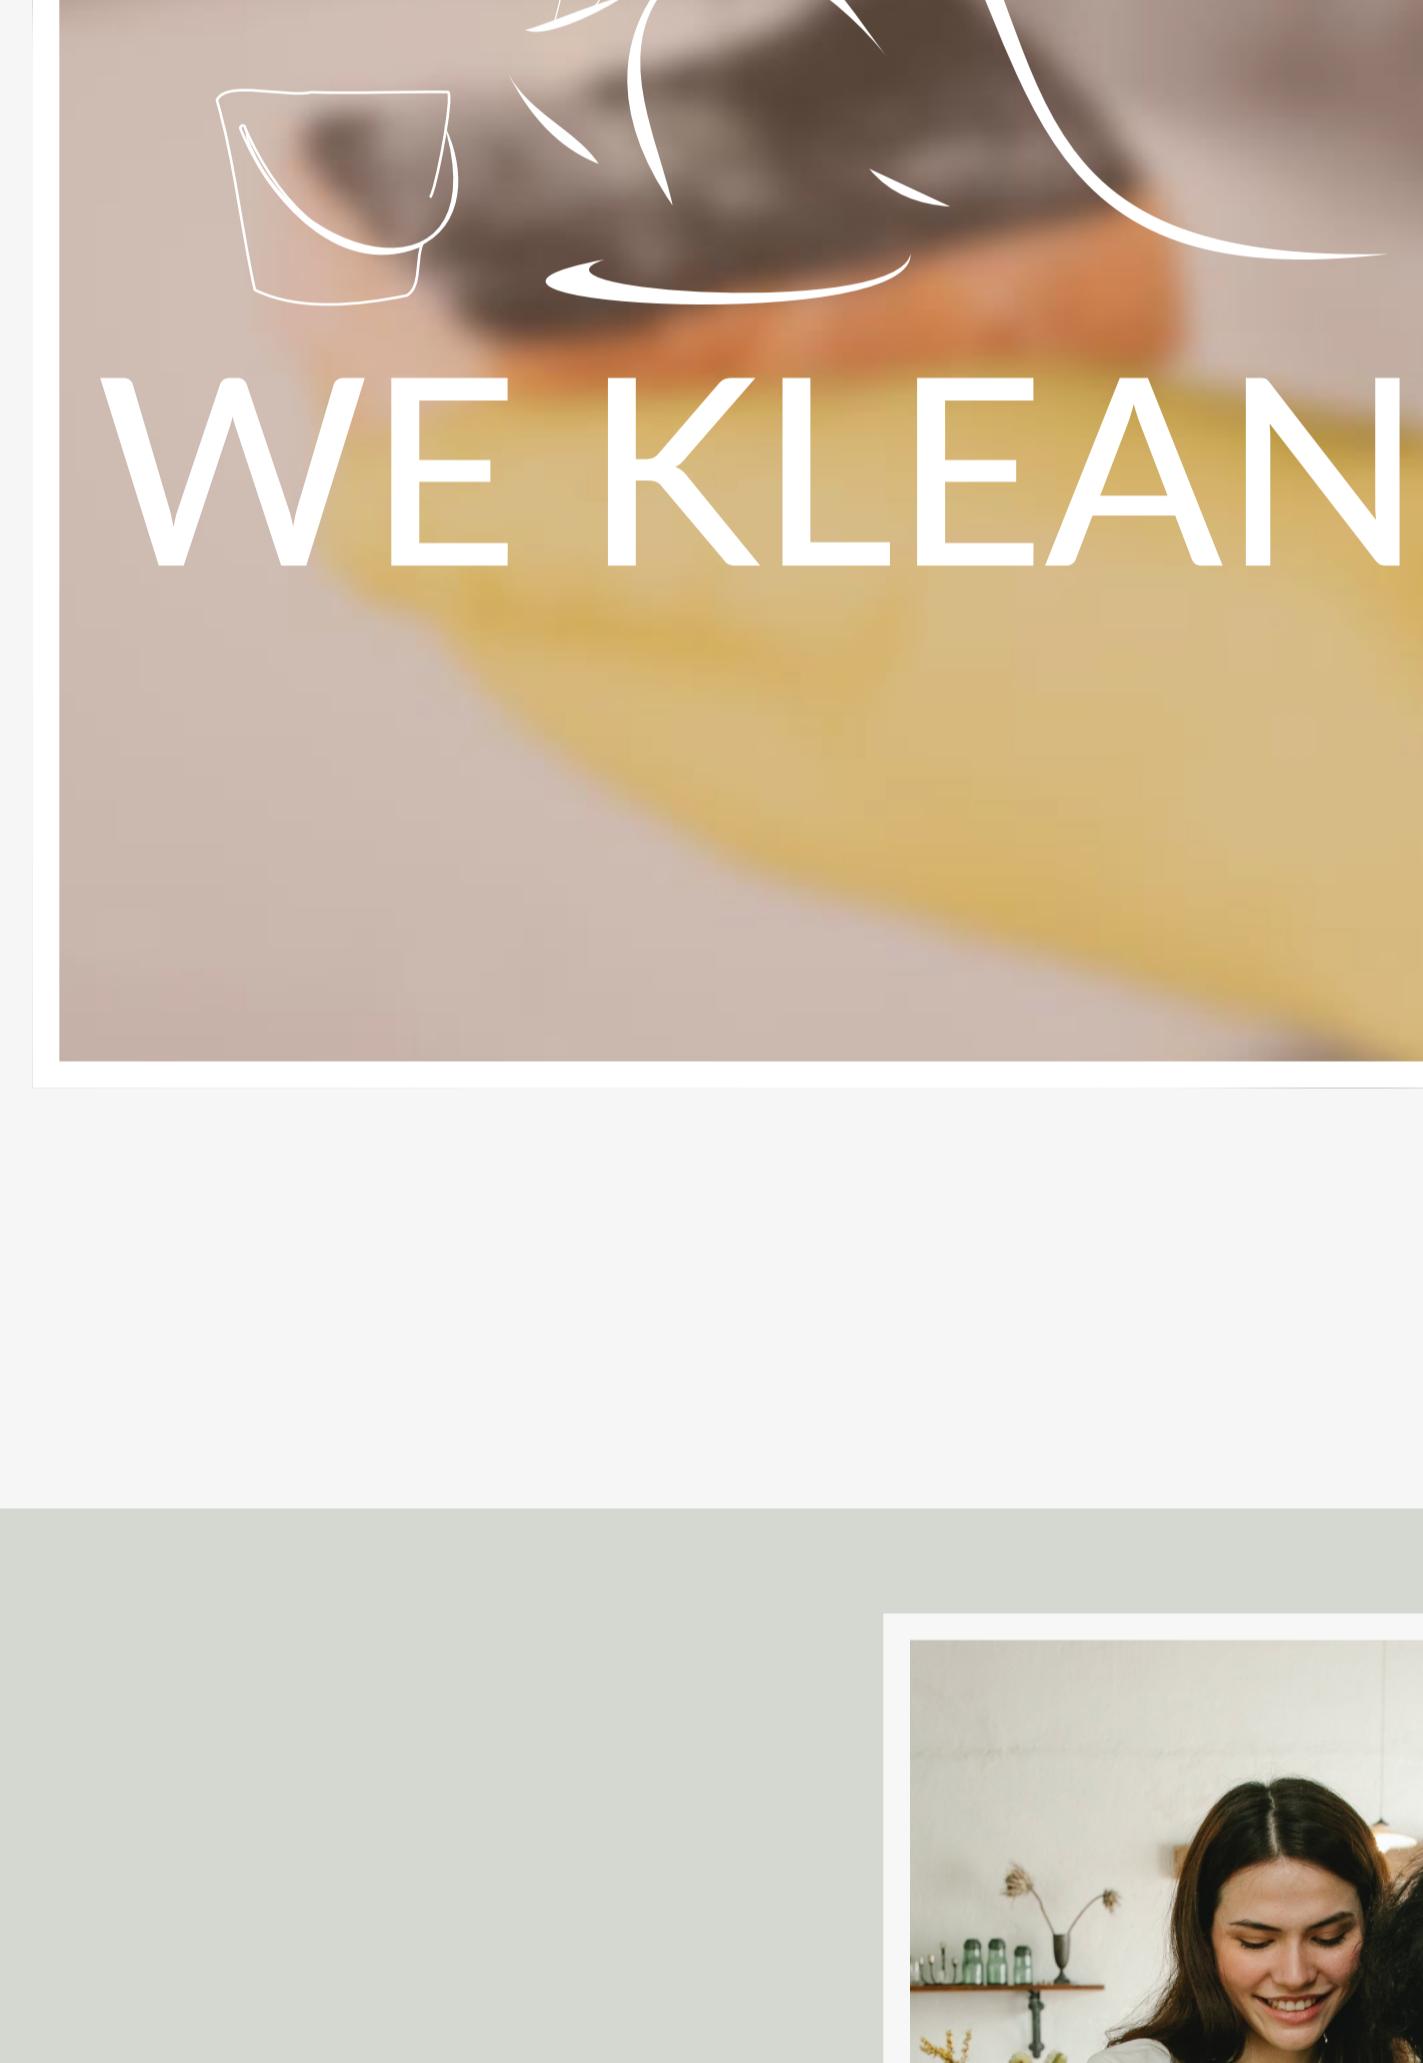

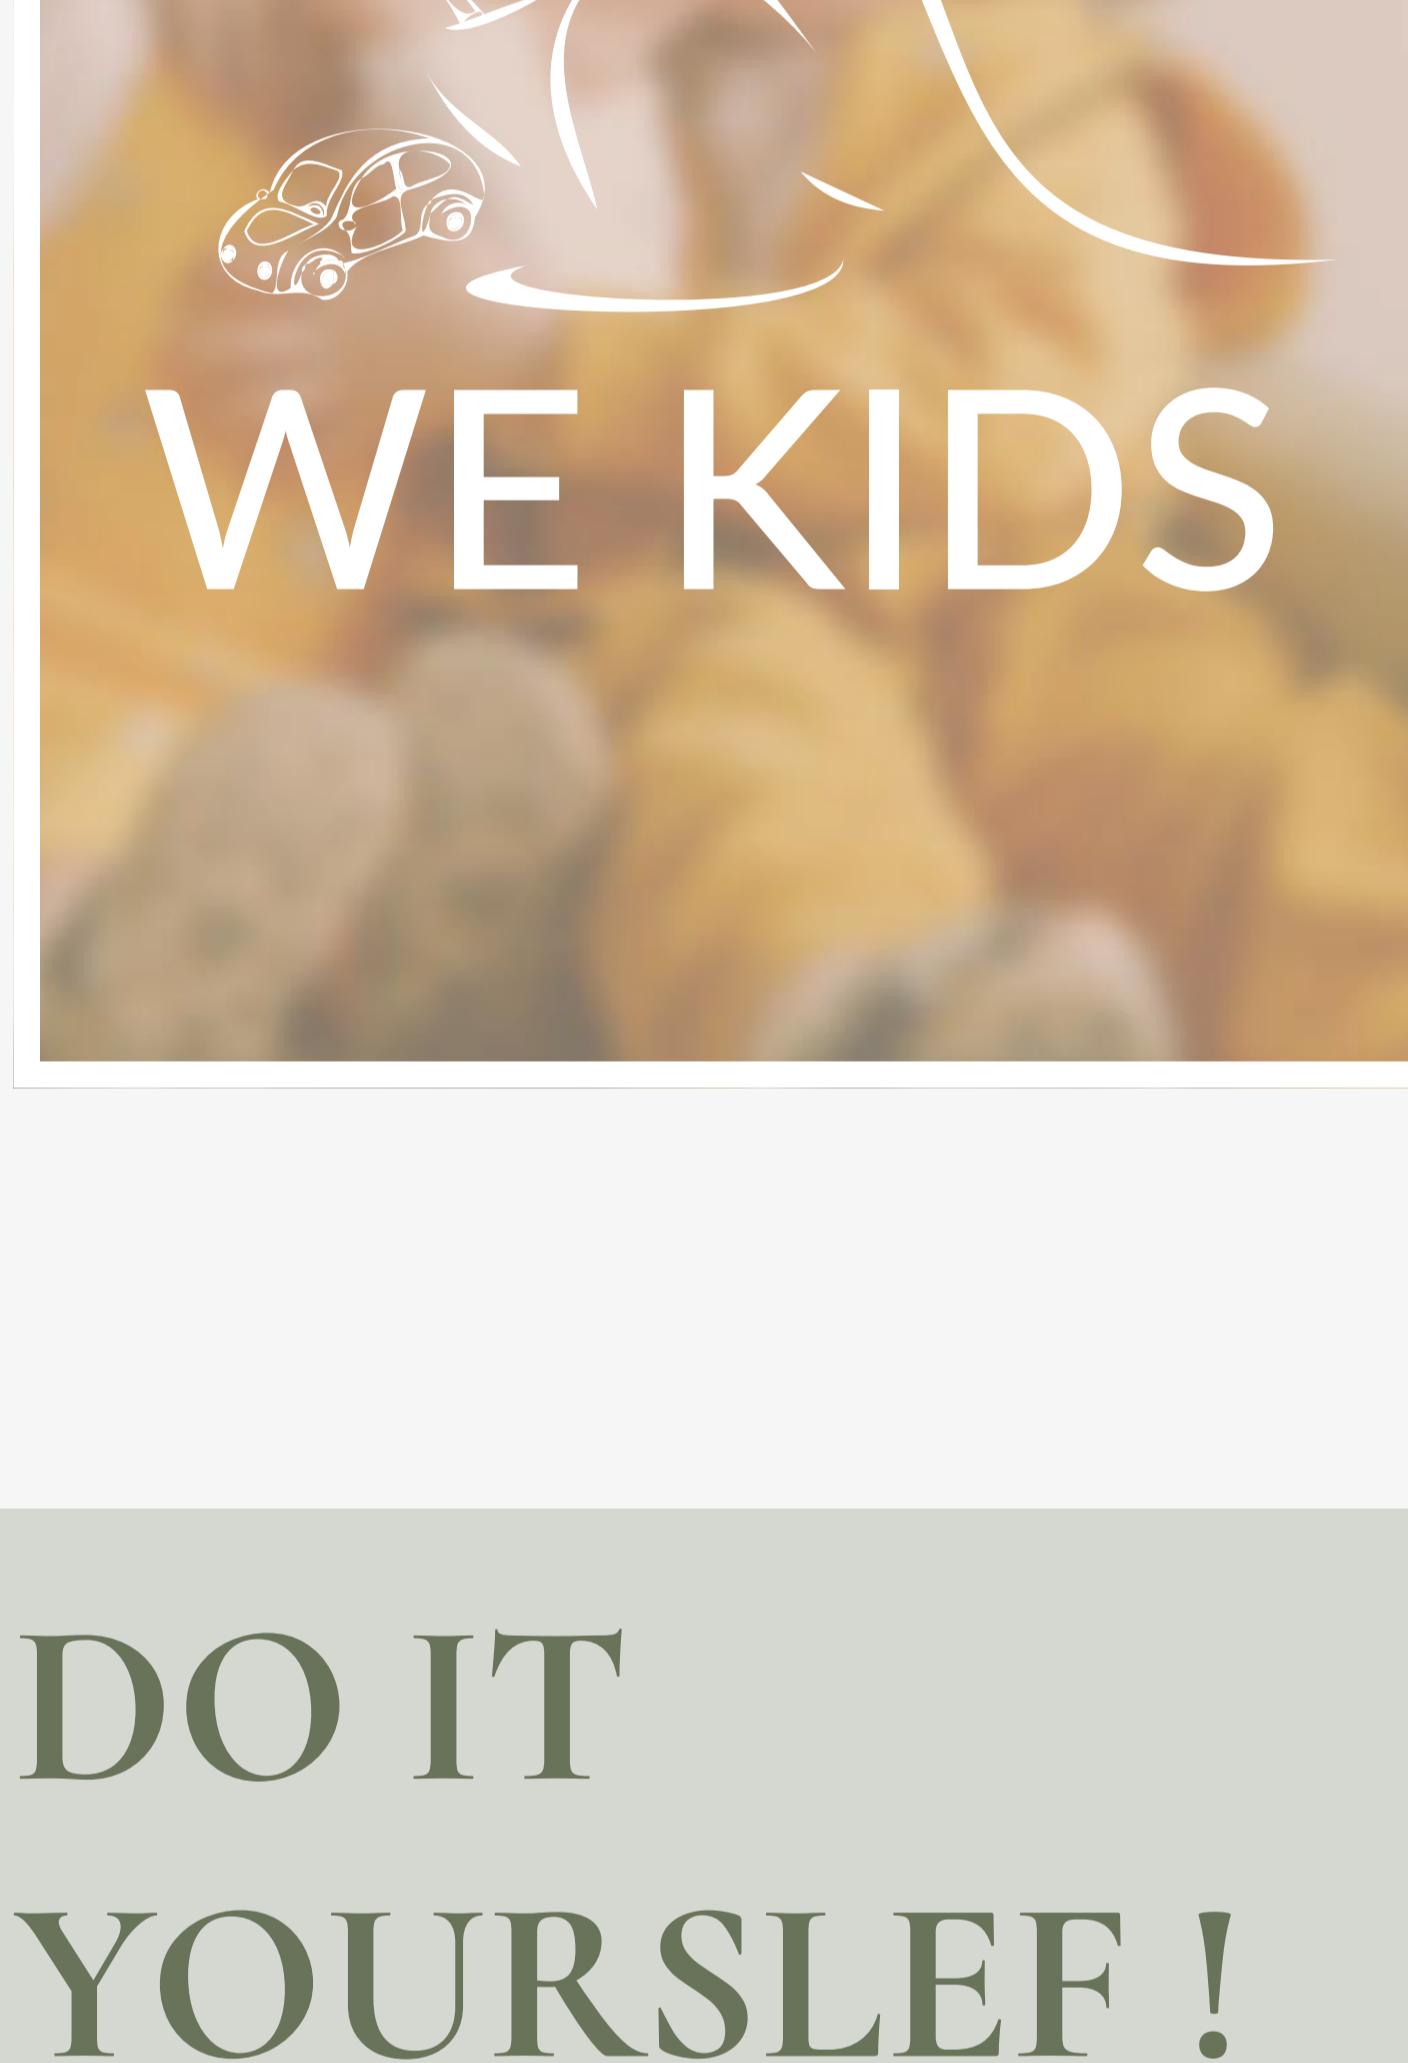

we provide 3 main services :

cleaning services : we will take care of your home and make it sparkling clean thanks to our 5 star hotel cleaning approach and Marie condo organizational skills

nanny services : you can trust us with your kids , we will provide international level care by age , depending on your children preferences we will keep them safe and sound and most importantly they will have fun and learn .

eldery care services : we provide medicare services for those who need it , with certified nurses and medical staff in hand , personalized activities , your loved ones are safe .

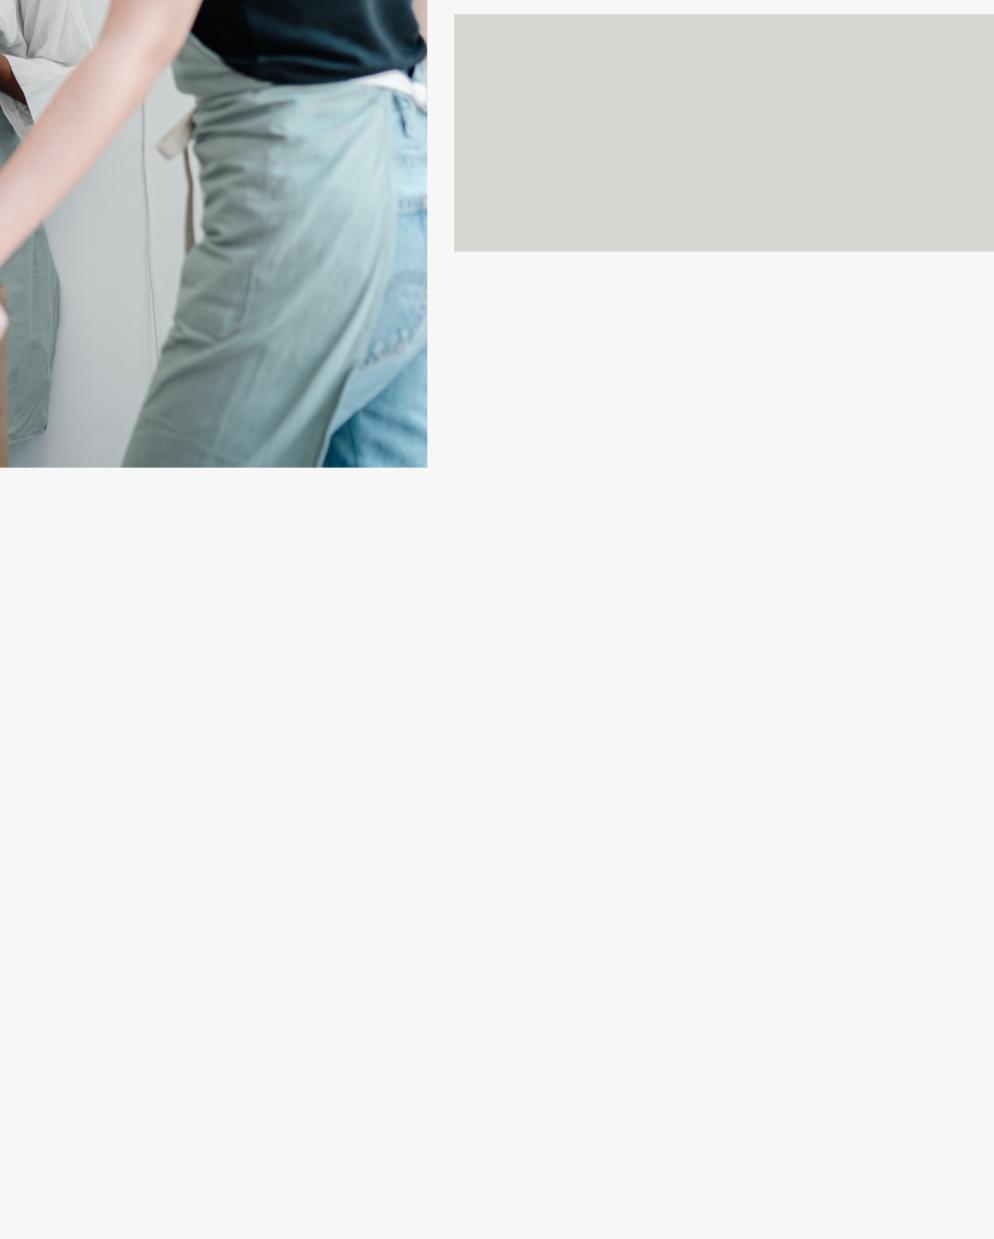

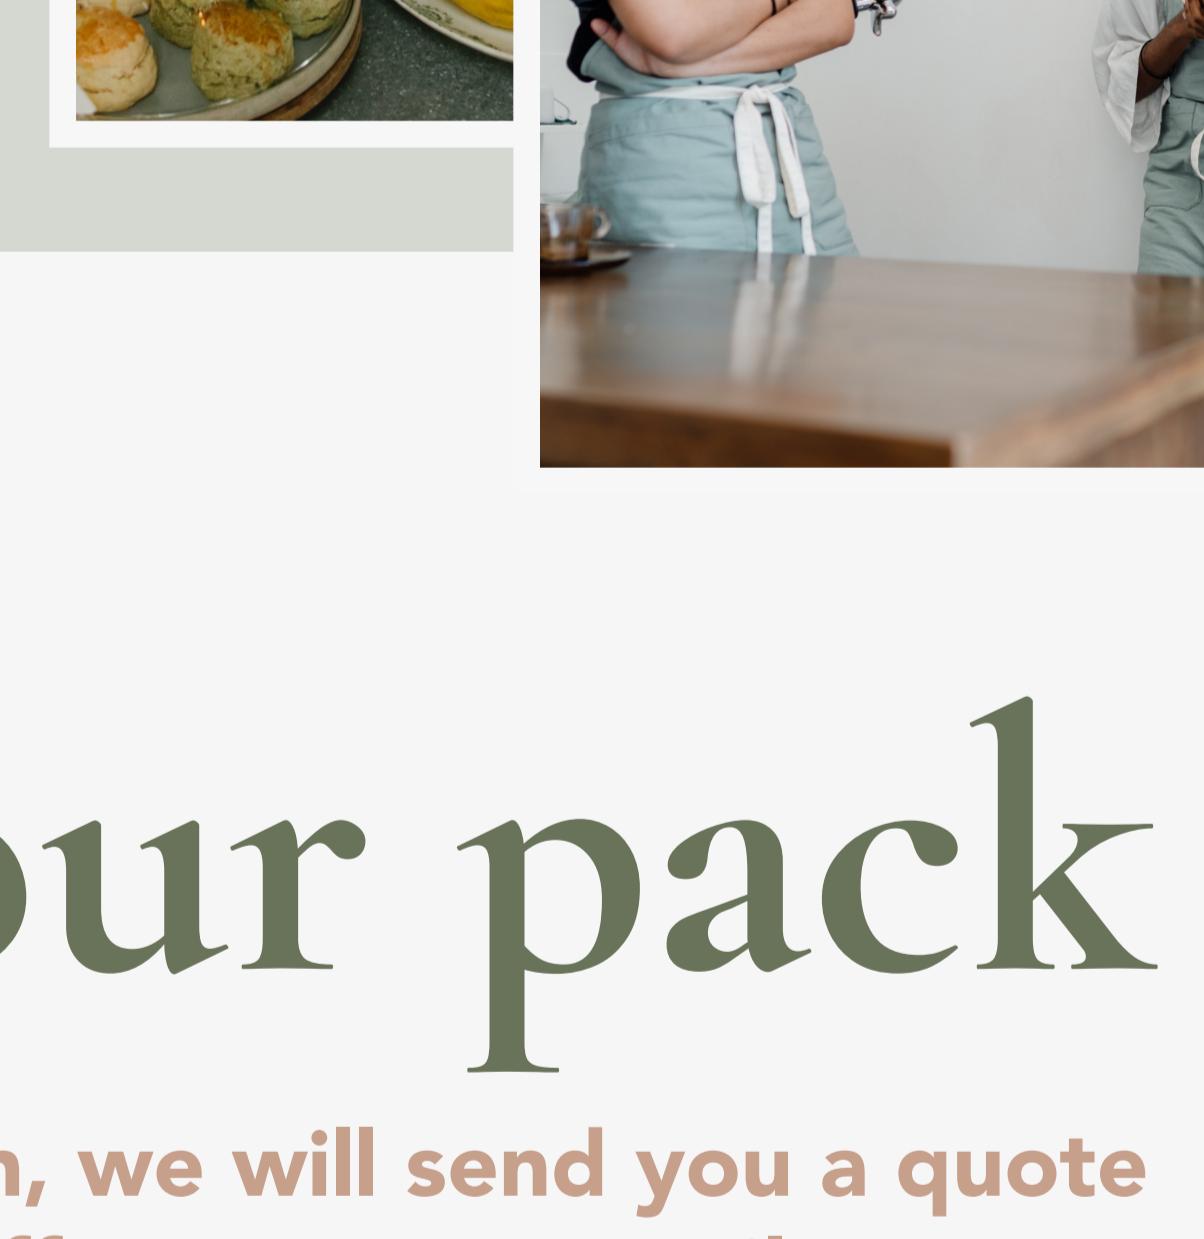

and remember you will always be one click away from checking on our performance!
